ABSTRACT GUIDELINES

- All abstracts should be written in English.

- The abstract should be in the Microsoft Word format.

- Please use Times New Roman (12 pt).

- Leave empty lines only to separate the Title, Authors' names, Authors' affiliations, Abstract and key words.

- **Title**.

- **Authors' names**. Presenting author should be indicated **in bold**. Write full last name followed by comma and full first name and middle initial. Separate each author by semicolon and the last author using "and".

- **Authors' affiliations**. Include Arabic numeral as superscript after the last initial of each author. Include full department and institution name, followed by city and country. Email should be included only for the presenting author.

- **Abstract**. Use single line spacing between paragraphs and justified style. The abstract must not be more than 300 words.

- **Key words**. Include up to six terms or species names. Do not repeat terms appearing in the title
